

Final Student Teaching Evaluation from Supervisor Mr. Hershey  
November 27<sup>th</sup> 2001

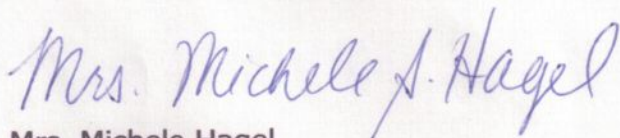

Mrs. Weaver has done an excellent job in the classroom. She is always well prepared with content background and a variety of instructional techniques. Her student teaching experience with Mrs. Hagel appeared to have been a wonderful match and Mrs. Weaver should be well prepared to enter the teaching profession upon graduation in the spring. **In my nineteen years as an administrator, Amie Weaver is in the top five of the best student teachers I have had the pleasure of observing and working with.** She has a bright future ahead!

Final Student Teaching Evaluation from Cooperating Teacher Mrs. Hagel  
November 27<sup>th</sup> 2001

Amie effectively managed our 4<sup>th</sup> grade class. **She always used a variety of techniques and strategies to reach even the most difficult students.** Amie was always well planned with her lessons far in advance so she was aware of the sequence of skills/topics to be taught. She built a good rapport with out students and helped them in whatever way they needed her. Amie will make an excellent teacher!
